

GREENSPRINGS SCHOOL LAGOS
SCHEME OF WORK FOR ART AND DESIGN YEAR 8

3RD TERM 2016/ 2017 ACADEMIC SESSION

TOPIC	CONTENTS
Craft and Design: Fabric design	Developing manipulative skills in tying, melting and application of wax with aid of brush, and tiantine tool and dyeing. Students would also be able to create designs on fabric through the process of direct imaging via stencil and mesh.
Painting	Developing manipulative skills in the use of lines and shapes in creating abstract design for the purpose of aesthetics. Students would also develop personal style in their handling of paint and application.
Graphics	Conceptualization and visual representation through thumb nail sketches, lay-outing and visual presentation.
Graphics	Transfer into concrete pictorial interpretation of ideas to serve aesthetic purposes.
REVISION AND EXAMINATION
